HARDING WILL TAKE STEPS FOR DISARMAMENT

KNOWN TO OCCUPY A PROMINENT PLACE IN HIS SCHEME FOR WORLD CONFERENCE

RAYMOND CLAPPER, (United Press Staff Correspondent.)

Marion, Ohio, Dec. 31.—Steps toward a gradual world disarmament will be taken by President-elect Harding early in his administration, according to authoritative information here today.

One move may be suggested that the world powers organize a disarmament congress to work out a scheme which will be generally accepted.

Disarmament occupies a prominent place in Harding's plan for an association of nations. The subject has figured prominently in several of his important conferences here recently and is known to be convinced that some method of checking the race for larger navies must be found.

Reports were received here that Great Britain and Japan on certain conditions could be induced to join in the project. Japan, according to information given to Harding, is spending a heavy proportion of her revenue on military and naval armament and would welcome with relief some agreement whereby she could reduce this expenditure.

Peace in Fiume, Poet-General Will Look For Trouble Elsewhere

CAMILLA CIANFARRA (United Press Staff Correspondent.)

Rome, Dec. 31.—Peace in Fiume today awaited only the signature of Fiume authorities and representatives of the government. The agreement was to be signed at Abbazia. Gabrielle D'Annunzio's next act was awaited with interest.

The poet has expressed intense interest in the Irish situation and it was believed he might bob up next as an "angel" for the Sinn Feiners. He also has been offered asylum in South America and may go there. In any event, it is believed he would take to his airplane for the departure, probably going to Paris.

New Government Organized
A new government supplanting that of Gabrielle D'Annunzio was organized in Fiume today.

A council comprising of Signors Grassich, Gigante and Venturi was put in charge.

Legionnaires that comprised D'Annunzio's forces are to be withdrawn shortly. It was semi-officially declared the poet will leave the city at the same time.

BOXING UNDER STATE SUPERVISION

(United Press)
St. Paul, Dec. 31.—If legislation goes through here, boxing in this state may be under national guard direction and supervision and spell the downfall of promoters. Col. Leach, of the national guard, and Attorney Frankel, are drafting a bill similar to one introduced in 18 other states.

Depression is World-Wide in Shipping

(United Press)
Washington, Dec. 31.—World-wide shipping depression has effected America less than those of other countries, according to shipping authorities. About two hundred United States shipping board vessels are tied up for lack of business, but it was unofficially reported there are perhaps six times that many English ships tied up in home ports because of the slump. Marine engineers, fearing wage reductions, petitioned Admiral Benson against a cut.

Federal Agent Looking For Car of Whiskey

(United Press)
 Fargo, N. D., Dec. 31.—Lane Maloney, federal agent, was at Portail, N. D., looking for a shipment of Sunnysbrook whiskey, believed enroute from Louisville, Ky., to Canada. Government operatives overheard a conversation in Enderlin, N. D., yards and acted on the tip.

MAJ. DR. ELMES

Heavyweight honors in the British army go to Maj. Dr. Elmes of Canada. Major Elmes is here shown leaving Buckingham palace in London, after being decorated by King George.

JAPANESE WOMEN ASK EQUAL SUFFRAGE

(By United Press)

Tokyo, Dec. 31.—The growing interest taken by women in public matters in Japan is shown by efforts which are being made by a society of "new women" to secure equal suffrage for women. A bill has been drawn up to this effect which will be introduced at the coming session of the Diet.

As a matter of fact, the women want even greater rights than are accorded men in Japan at present, for whereas at present no one is allowed to vote who does not pay at least 3 yen a year in national taxes, the women want this qualification eliminated in regard to them, as they argue that married women who are occupied with conducting the affairs of their households should have the same rights as women engaged in business. Another measure proposes to do away with the present police regulation which prevents women from attending public meetings.

The same organization of women proposes to place before the Diet a eugenic law, which will require all men to provide themselves with medical certificates, testifying to their physical fitness, before they are allowed to marry.

15-Year-Old Boys Work Confidence Game

(By United Press)

St. Paul, Dec. 31.—Two 15-year old boys are in police toils today, following their first confidence job and it was a "sleek" one. The two were employed in a department store carrying change from one cashier to another. "No. 2 wants \$50 change," piped one of the boys. They got the change and "beat it," being captured later.

ARNESON SUES 'COUNTRY GENTLEMAN'

(By United Press)

St. Paul, Dec. 31.—J. S. Arneson, as state immigration commissioner, expects to file suit for \$100,000 damages against the "Country Gentleman," published in Philadelphia, alleging libel in an article regarding immigration in northern Minnesota, published recently.

"The state is as much entitled to protection as any individual when wrongfully assailed," said Arneson.

The Public Safety Commission Abolished

(By United Press)

St. Paul, Dec. 31.—Governor Burnquist issued a proclamation ending the activities of the Minnesota public safety commission, which was organized during 1917.

DeValera Has Returned to Ireland

New York, Dec. 31.—Eamon DeValera, president of the Irish republic, has returned to Ireland, it was announced today by his secretary.

U. S. EXPORTS AND IMPORTS INCREASE

IN NOVEMBER 1920 OVER NOVEMBER 1919—BOTH INCREASED DURING YEAR

(By United Press)

Washington, Dec. 31.—United States exports and imports both increased for November 1920, compared with November 1919, the department of commerce announced today. However, both exports and imports increased for the first eleven months of this year, compared with the similar period last year.

United States imports from South America increased in November of this year over November 1919. United States exports to South America also increased for November 1920 compared with November 1919. For the first eleven months this year both imports from and exports to South America increased compared with last year.

Wireless Telephones Used By Shanghai Firemen

(United Press)

Shanghai, Dec. 31.—Wireless telephony has been put into practical use in China and today every fire truck in the Shanghai international settlement fire department is equipped with a radio outfit with which to communicate with the stations to which they are attached. The primary cause of the innovation is the poor local telephone service. In the Chinese districts where most of the fires take place there are no telephones. In the foreign districts it takes from ten to fifteen minutes to put through a call at night.

As a result of this condition the community has erected "Watch Towers"—Shanghai being on level land where a blaze may be seen at a great distance. But Chief W. W. Pett found that his executive officers in the stations had difficulty in getting in touch with their men at fires and so he tried out wireless telephony.

Confidence in Harding Causes Business Improvement Thinks Hays

(By United Press)

Marion, Dec. 31.—Business conditions are already taking an upturn because of the general confidence in the constructive leadership of President-elect Harding. Will H. Hays, republican national committeeman, said today.

"This normal man is doing the normal thing. He is keeping his promise made repeatedly before his election that he would approach and seek the solution of the great domestic and foreign problems with discussion with as many of the leaders as possible."

AIRPLANES START FOR EDMONTON

(By United Press)

Minneapolis, Dec. 31.—Two metal monoplanes, bound for Fort Norman, oil town 800 miles beyond Edmonton, left the flying field at Fort Snelling today. The first stop will be at Grand Forks, N. D., then to Manitoba, where skills will replace the wheels of the planes to facilitate landings.

BANDITS SHOOT OFFICERS; ESCAPE WITH \$5,400

(By United Press)

Cleveland, Ohio, Dec. 31.—W. E. Sly, president, and George Fanner, vice-president of the W. W. Sly Manufacturing company, were shot and killed by five bandits on the street here at noon today. The bandits escaped with the company's payroll of \$5,400.

GIRL 12, LEAPS FROM SECOND STORY WINDOW; UNINJURED

(By United Press)

Minneapolis, Dec. 31.—Gertrude Kerber, age 12, jumped from a second story window to a snowbank, being driven out by gas flames in the home. She was uninjured when picked up. Her father, Walter Kerber, leaped with clothing in flames and was badly burned.

British Advised Japs to Settle Land Question

By WEBB MILLER

(United Press Staff Correspondent)

London, Dec. 31.—British foreign office officials today expressed great interest in reports from Washington that Britain had advised Japan not to press opposition to the California alien land law.

While they denied that there had been any official action in London, it was assumed that some high diplomatic officials may have suggested to Japan's representatives that they should not agitate this matter.

After the matter was laid before Japanese representative, it was said there was incidental conversation taking place in various capitals with a view to benefit the world situation.

Officials at the foreign office had no interest in the settlement of American affairs, it was indicated, and after advice was given Japan, there was nothing in the way of a special incident but to aid in bringing a general peace reconstruction and peace of mind to the British dominion.

SMALLPOX BREAKS OUT IN E. CHICAGO

STRICT QUARANTINE REGULATIONS HAVE BEEN ADOPTED TO PREVENT SPREAD

(United Press)

Chicago, Dec. 31.—One hundred Home Guards today were assigned to the southern half of East Chicago to enforce quarantine following an outbreak of smallpox.

This part is inhabited by twelve thousand foreign born who work in the great steel mills. Five cases of the disease have been discovered in Hammond, in the steel center.

Dr. Teegarden, health commissioner of East Chicago, and authorities here, conferred today on the advisability of shutting down the steel mills until the epidemic is checked.

Dr. Teegarden, following discovery of the disease, called nurses and doctors from nearby towns who are now battling the epidemic.

East Chicago is seventeen miles from this city and just over the Indiana line. It has a population of 45,000.

ARMY AIRPLANES WILL FLY FROM COAST TO COAST IN 24 HOURS

(United Press)

Washington, Dec. 31.—Army airplanes will attempt on Washington's birthday to fly from coast to coast in twenty-four hours, the war department announced today.

One plane, according to present plans, will leave Jacksonville, Fla., and at the same time another will start from San Diego, each plane covering a distance of 2,979 miles. Stops will be made at Ellington, Houston, Texas and at El Paso.

Pres. Wilson Signs Miners Relief Bill

(United Press)

Washington, Dec. 31.—President Wilson today signed the Henderson bill granting a temporary relief to miners who have been unable to do the required amount of work on their claims during the last year.

CHESTER ROWELL

Chester Rowell, new member of the United States shipping board, has been the editor of the Republican, Fresno, Cal., for many years, having retired recently from that position.

DULUTH HERALD REPORTED SOLD

DULUTH'S EVENING PAPER IS BOUGHT BY PHILADELPHIA INTERESTS

(United Press)

Duluth, Dec. 31.—Announcement of the sale of the Duluth Herald to M. S. Hanson, general manager of the Philadelphia Record, is expected soon. A. C. Weiss, present owner, will retire from active business. Weiss refused to confirm the report of the sale of the paper, but admitted negotiations were under way.

"Eastern capitalists and newspaper men have an option on the Herald, but I am still in possession of the paper. There will be no change this week. We may have an announcement to make after Sunday."

He did not give the terms of the sale, but it was reported the price was about one million dollars. Weiss owns eight per cent of the stock. The property was recently re-incorporated at \$800,000. A. C. Hanson is expected in Duluth tomorrow. He is a veteran newspaper man. It was said that the policy of the Herald will remain practically the same, the paper being democratic. It was understood the Herald will start publication of a Sunday morning paper.

Prohibition Decreases Insanity Says State Board of Visitors

(By United Press)

St. Paul, Dec. 31.—Prohibition has caused a decrease in insanity and the number of patients in the state asylum and hospitals, according to reports of the state board of visitors. The number of inmates in the state hospital for insane at Fergus Falls had been steadily decreasing according to the report.

Against the maximum number of 960 patients there are now 788, they found. As against a maximum number of 760 women there are now 735. "The shutting off of the liquor supply has had considerable to do with the decrease," the report said. Dr. Welch is superintendent of the asylum.

New Year's Celebration Will Cost \$60,000,000

(By United Press)

Washington, Dec. 31.—Sixty million dollars will be squandered in merry-making celebrations of New Year's eve if the nation runs true to form shown in government reports of other years.

Probably ten million men, youths and young men will spend the evening at theatres, hotels, dance halls and other places where proprietors are banking on gate receipts to pull them through a financially dull December.

FAMILY OF THREE VICTIMS OF COAL GAS

(United Press)

St. Paul, Dec. 31.—Coal gas killed a family of three on Christmas day, it is believed. The bodies were found by John Burnett, a relative, and the victims were George McVey, age 43, his wife and baby. Neighbors had not seen the family out of doors since Friday and Sunday papers lay on the porch unopened.

Bank Robber Killed By Sheriff and the Loot is Recovered

(By United Press)

Springfield, Tenn., Dec. 31.—After a lone daylight robbery of the Peoples bank when \$50,000 in Liberty Bonds were appropriated by a gunman, Robert Austan, age 32, so identified, was killed by the sheriff in a gun duel and the bonds recovered.

Bandits Try to Steal a Truck Load of Whiskey; Shoot Driver

(By United Press)

Chicago, Dec. 31.—Three Hmouline bandits shot and killed Joseph Sweetzer, chauffeur, and wounded Edward Riddell, his helper, when they resisted an attempt to seize a truck load of whiskey consigned to a druggist for medical purposes.

ERNEST G. ADAMS

Ernest G. Adams, chairman of the national campaign committee conducting the Unitarian church drive for \$3,000,000. The fund is for the extension of the Unitarian church and its work throughout the country.

MAKE PLAYGROUNDS OF SAND DUNES

(By United Press)

Indianapolis, Ind., Dec. 31.—An effort to preserve the sand dunes of Indiana as a great national playground will be made before the Indiana legislature next month by Hoosiers interested in the conservation of the state's natural resources. The lawmakers will be asked for \$1,000,000 for this work, with the stipulation that an equal amount be subscribed by the public.

The dunes are east of Chicago and south of Gary, the city which sprang up like a mushroom on the grounds of the steel industry and carved away many of the dunes. They are 200 miles from the center of population and it is the plan to furnish a place of recreation, particularly for the millions of people from Chicago and Great Lakes regions.

Scientists and public spirited persons have endeavored to have the government set aside the dune land as a national park, but without apparent success. Richard Lieber, director of the state conservation department, is a new champion of the movement and plans to place the matter before the general assembly.

"The dunes are the one big and last opportunity to furnish a great recreational outdoors for the millions of America's second largest city and of the northern Indiana industrial regions," Lieber said.

Lieber declared that his program calls for a park about 8 miles along Lake Michigan and extending inland more than a mile.

NAVAL PLANES ON WAY TO PANAMA

(United Press)

San Diego, Cal., Dec. 31.—Thirteen of the fourteen navy seaplanes flying from San Diego to the canal zone, were at San Bartolome Bay on the Mexican coast today, preparing to hop off at Magdalena Bay on the second leg of their journey.

The fourteenth plane, the NC-5 had been forced to land here but it was expected to resume its flight in a day or two.

The twelfth plane arrived at San Bartolome yesterday about one hour ahead of the heavy NC-6 which was the thirteenth plane to reach here.

Penrose is Opposed To Separate Action on Emergency Tariff

(By United Press)

Washington, Dec. 31.—Senator Boise Penrose of Pennsylvania, chairman of the finance committee, today killed all hope of the emergency tariff legislation or soldiers' bonus bill being brought up for consideration at the present session of congress. He said tariff and soldier legislation should be considered as a whole.

St. Paul, Dec. 31.—James King, Ed Rogers and Chas. Turner, alleged bank robbers held at Oakkosh, Wis., may be brought here on the charge of robbing the Great Northern bank.

ALL INTERNATIONAL SPORT TROPHIES ARE HELD IN AMERICA

WITH RETURN OF DAVIS TENNIS CUP AMERICA IS SUPREME IN SPORTS

HENRY FARRELL (United Press Staff Correspondent)

New York, Dec. 31.—Tall Bill Tilden and tiny Bill Johnston have brought to a glorious end the greatest year of American accomplishment in sport history.

As the year, filled with brilliant performances on home and foreign fields was gasping its last, America's famous pair of tennis Bills—Tilden and Johnston, sent back home today the famous Davis cup, next to the last world trophy that is not resting on American shelves.

Of all the world emblems of superiority in sport, only one is not in America—the international polo cup—and the polo team will set out for England after it this coming spring.

World supremacy on land was won by a team of riflemen, by track and field teams, by swimming, by oarsmen and by tennis players.

Perhaps the most blue-blooded victory was "Resolute's" successful defense of the historic American cup over the British yacht "Shamrock IV." Next in class was the American sweeping victory of track and field at the Olympic games. Tennis joined in the list of victories when Wm. Tilden won the British race championship and later with the help of Wm. Johnston brought the classic Davis cup back to America after an absence of eight years.

Jack Keller, of Philadelphia, brought sculling championship home from the Olympic games. The navy won the eight-oar championships and set a new world's record, and American riflemen brought home the championship from Belgium.

The American fishing schooner "Esperanto" joined the list with the championship. The American swimming team won great victories in the last six months and the Princeton track team beat Oxford in a race for the championship.

Auckland, New Zealand, Dec. 31.—After an absence of eight years, the classic Davis cup, representing world superiority at tennis, was returned to the United States.

Wm. T. Tilden and Wm. Johnston the star members of the American team, took the doubles match from Norman E. Brookes and Gerald Patterson in a four-set match by a score of 4-6, 6-4, 6-0 and 6-4.

Added to the two victories scored by the Americans in the singles yesterday, it gave the visitors the necessary three out of five matches.

But Not Like September Morn

(United Press)

Washington, Dec. 31.—Men have been "pinched" for using a telescope on bathing scenes. Naked eyes have been blacked for intrusions and murder has been done for "telling."

But now the microscope has been employed to reveal bare facts and figures. Moreover government investigators announce they will distribute their findings in a "movie."

Some poor insects too insignificant for ordinary attention were the victims. The pool was a dewdrop and the bathers, creatures too small for the naked eye. The film, called "A Plant Disease and How it Spreads," shows organisms creating rhubarb blight, a source of heavy loss to gardeners. It will be distributed by the U. S. Department of Agriculture.

TOWNLEY NOT WELCOME AT SALINA, KANSAS

(By United Press)

Salina, Kan., Dec. 31.—A committee of five members of Salina Post of the American Legion is looking for A. C. Townley to inform him that he and his organizers are no longer welcome.

Townley has been personally out among the farmers soliciting memberships. The committee wants to give him a letter which recites "That the Nonpartisan League has been disloyal and connected with the I. W. W. That the American Legion here has protested against the activities of Townley and his organizers here."

NORTHWEST NEWS

State Constabulary

St. Paul, Dec. 31—One of the most important bills to come before the state legislature which meets Tuesday, is the proposal of Rep. Guy Dilley, St. Paul, to establish a state constabulary.

He has completed a bill providing for a force of approximately 100, including 75 constables, ten lieutenants, two captains and a directing office force. The state constabulary would have full power to prevent, or detect crime and arrest criminals wherever found. The body would co-operate with peace officers throughout the state.

Representative Dilley believes the ever-increasing use of automobiles

makes the establishment of a state constabulary a necessity. It would aid in materially reducing crime, he believes.

Labor is expected to make a strenuous fight on the measure. Rep. Dilley anticipating such action, drew a clause in his bill saying "It is expressly understood that the department shall in no way be used for patrol or guard duty at any labor disturbance strike or walkout, provided however, that the department shall not be prevented from having its officers or members present for the purpose of preventing or detecting crime."

The bill would establish a department of public safety under a commissioner to be appointed for a three year term by the governor.

Man 95, Joins Elks

Fargo, Dec. 31—Fargo tomorrow will have the oldest "baby" Elk, probably in America. In the class to be received by Lodge 260 tomorrow is Daniel E. Wingate, 95.

"Most Beautiful" Man

Grand Forks, Dec. 31—George Crain, Grandville, N. D., holds the palm for masculine beauty at the state university. Mr. Crain was voted the "most beautiful" of the men at a students contest.

Duck Season Closes

St. Paul, Dec. 31—What few water fowl may be sitting around the radiator are safe.

The game laws provide that hunters may not shoot ducks beginning tomorrow until next September.

But the ducks have flown. So far as could be learned today, no one has seen any ducks knocking iceles off the clouds during the last few weeks.

New State Officers Installed Tuesday

St. Paul, Dec. 31—J. A. O. Preus will be installed as governor of Minnesota at noon Tuesday.

The legislature will meet and shortly afterward the inauguration ceremonies will take place.

Governor and Mrs. Burnquist will

tender a reception to Governor-elect and Mrs. Preus at the capitol Monday night. All members of both houses of the legislature and their wives are expected to attend. Many state officials also will be present.

Immediately after the inaugural ceremonies, the legislature will hear the message of the new governor. Then the wheels of law-making will begin to turn, and they are threatened with a long siege of turning before the grist is finished.

Of chief interest in the governor's office will be the announcement of appointments. A long list of new appointments is expected.

Appetite Not Quite Gone.

Mary had reached the stage of satiety where she steadfastly refused all offers of "a little more turkey," "a bit more dressing or mashed potato," or "another piece of bread." Nothing apparently could tempt her to eat another mouthful. Finally, however, the nuts, raisins and candies were passed. "Yes, I will have some," said Mary, and then, apparently thinking her conduct needed some explanation, she added: "I can still eat little things!"

Harley L. Watkins, 2308 Lytle St., Louisville, Ky., writes: "I found Foley's Honey and Tar just what I wanted for my wife's and my colds." Checks coughs, colds, croup, bronchial coughs; stops that "tickling" throat that keeps one coughing at night. Contains no opiates nor habit forming drugs. H. P. Dunn, druggist.

"RAILROAD GUARANTEES"

The fact that some of the railroads are not making money, since the business slump began, has led to a good deal of loose talk about the "railroad guarantee." Many people still seem to believe that the government is under obligation to pay the railroads whatever amount is necessary to bring their profits up to 6 per cent. This is not true. The government's only financial obligation to the railroads is left over from the war period. The government is now out of the railroad business entirely, except for such supervision as is exerted automatically by the Interstate Commerce Commission. The situation is well described by the New York World:

"The railroads have not been guaranteed anything in the way of traffic or earnings or profits. They have been permitted to charge uniform rates calculated, on the basis of a period of normal traffic to yield amounts equal to costs of operation and upkeep and 6 per cent on the appraised value of the properties. When these rates yield more than 6 per cent the money goes back into the roads for the benefit of the service as a whole to the public and where it is most needed. When traffic falls short the roads have to bear the loss themselves."

They cannot even pass the loss around among each other. The New England lines, which are in the worst plight, would like to have some of the more prosperous lines farther east divide up their profits for the New Englanders' benefit, insisting that the appraisal has been unfair to them. There may possibly be some revision to straighten out demonstrable injustices where they exist, but it will still be up to every railroad to make good by its own effort. And that is the best thing for the railroads themselves in the long run, just as it is the best thing for the public.

THE CHICAGO CURFEW

Chicago has a curfew law as a part of its crime crusade. Pool rooms, cabarets, and all other meeting places where doubtful characters commonly assemble must close at 1 A. M. Reputable citizens are expected to seek their homes by that time or before, and any persons on the street after this hour will be questioned by the police and promptly taken into custody if unable to give satisfactory explanations.

There can be little doubt of the wisdom of such a ruling. Late hours and crime are boon companions, and one reason why hold-ups and robberies have grown with such surprising vigor is that along with its other habits of extravagance the nation has extended its social activities to the point where revelry is a custom rather than an exception.

Extra police have been provided to see that the new laws are enforced. The crime crews, driven out upon the streets, must go to their beds or fall into the hands of the law, while the citizens, going home en masse at a reasonable hour, are in far less danger of assault than when scattering home at unseemly hours.

The outbreak of crime is merely another manifestation of the general insanity from which the nation has suffered, and the Chicago chief of police puts his finger upon a same remedy when he orders sensible hours for everybody.

A Chicago alderman thinks that a large percentage of automobile accidents are due to the fact that women wear their hair down over their ears. The innocent pedestrian still believes the trouble is that so many motorists wear scales over their eyes.

An eastern college professor predicts a food shortage over the entire world about the year 2100. Just when it seemed as if the price of food might come down a little!

More aliens are applying for citi-

zenship nowadays. And that's natural. America citizenship is worth more than it used to be.

Some of the war-profit stories seem to indicate that a good many of the dollar-a-year patriots made considerable more than that.

If you're unduly worried about your debts, consider that the world owes \$300,000,000,000 and manages to roll along just the same.

Nobody is more conscious than the office-seekers that every New Year dawns bright with possibilities.

Now is the time to revamp the household budget and try once more to live within the income.

Of course Ponzi, in the pen, will get about 50 per cent dividends in time off for good behavior.

At the Lyceum

Jack Dempsey and Tom Mix on same bill at the New Lyceum, one of the greatest western programs ever screened will be presented at the New Lyceum Saturday afternoon and night. Jack Dempsey the world's greatest champion boxer will be seen in the 1st episode of his thrilling Pathe serial "Dare-Devil Jack."

Tom Mix, the daredevil Fox star, has been announced. "The Untamed" is a story of the West in which Max Brand has introduced three strange comrades. The trio consists of a sort of superman, wild and primitive, a real child of the Outdoors, who recognizes no man-made laws; a big, fiery stallion known as Satan, and a gigantic dog, Black Bart. These three beings, unlike any others of their kind, find their companionship only in each other.

Conway Tearle will appear Sunday matinee and night at the Lyceum in "Marooned Hearts" a wonderful story of the sea, Charlie Chaplin, will be seen in "The Champion."

At the New Park

Theaters will have an opportunity to see Charles Ray in the screen version of Sol Smith Russell's stage success, "Peaceful Valley," at the New Park Theatre, beginning today. In this vehicle Mr. Ray reverted to the role which has made him one of the screen's greatest favorites—that of a rube. The story was adapted from the screen by Isabel Johnston from Edward E. Kidder's memorable stage play, which is credited with 6,207 footlights performances and which ranks as one of the most popular spoken comedy-dramas ever produced.

As Hosiab Howe, a struggling sunny-hearted farmer lad with a widowed mother and young sister to support, Charles Ray is declared to have delineated a screen character that will live as one of the outstanding artistic accomplishments of the silent screen.

Ward Andrews, a sleek city individual, is responsible for the pathetic

touch which enters this otherwise bright and humorous story. He obtains an option on the Howe farm, when he realizes that its bitter tasting water will some day make the owner rich. Smitten with pretty little Martha Howe, he easily deludes her into running off with him. Meantime Hosiab has become greatly taken with Virginia, beautiful daughter of Dr. Rand, stopping at the summer hotel. But Hosiab's romantic hopes are given a severe setback when he learns of the disappearance of his idolized sister in company with a strange man with a scar on his arm. After a fruitless search in the city for Martha he returns heartbroken and penniless. The next season the Rands and Andrews return to the summer hotel at Peaceful Valley. Martha also starts for home, but she hasn't the courage to face her mother and brother. She throws herself into a lily pond. Hosiab happens on the scene in the nick of time. Recalling the man with the scar on his arm and suspecting Andrews, Hosiab tears off the visitor's coat, pulls up his sleeve and knows the truth. At this point Charles Ray uncorks several of his well known lefts and rights in characteristic fashion. Hosiab learns the truth about the value of the farm and Andrews' designs upon it. He also spoils Andrews' attempts to compromise Virginia into marrying him.

How Hosiab's dog, "Whiskers," plays a prominent part as an intermediary for Cupid constitutes one of the brightest features of this unusually clever photoplay, according to preview reports.

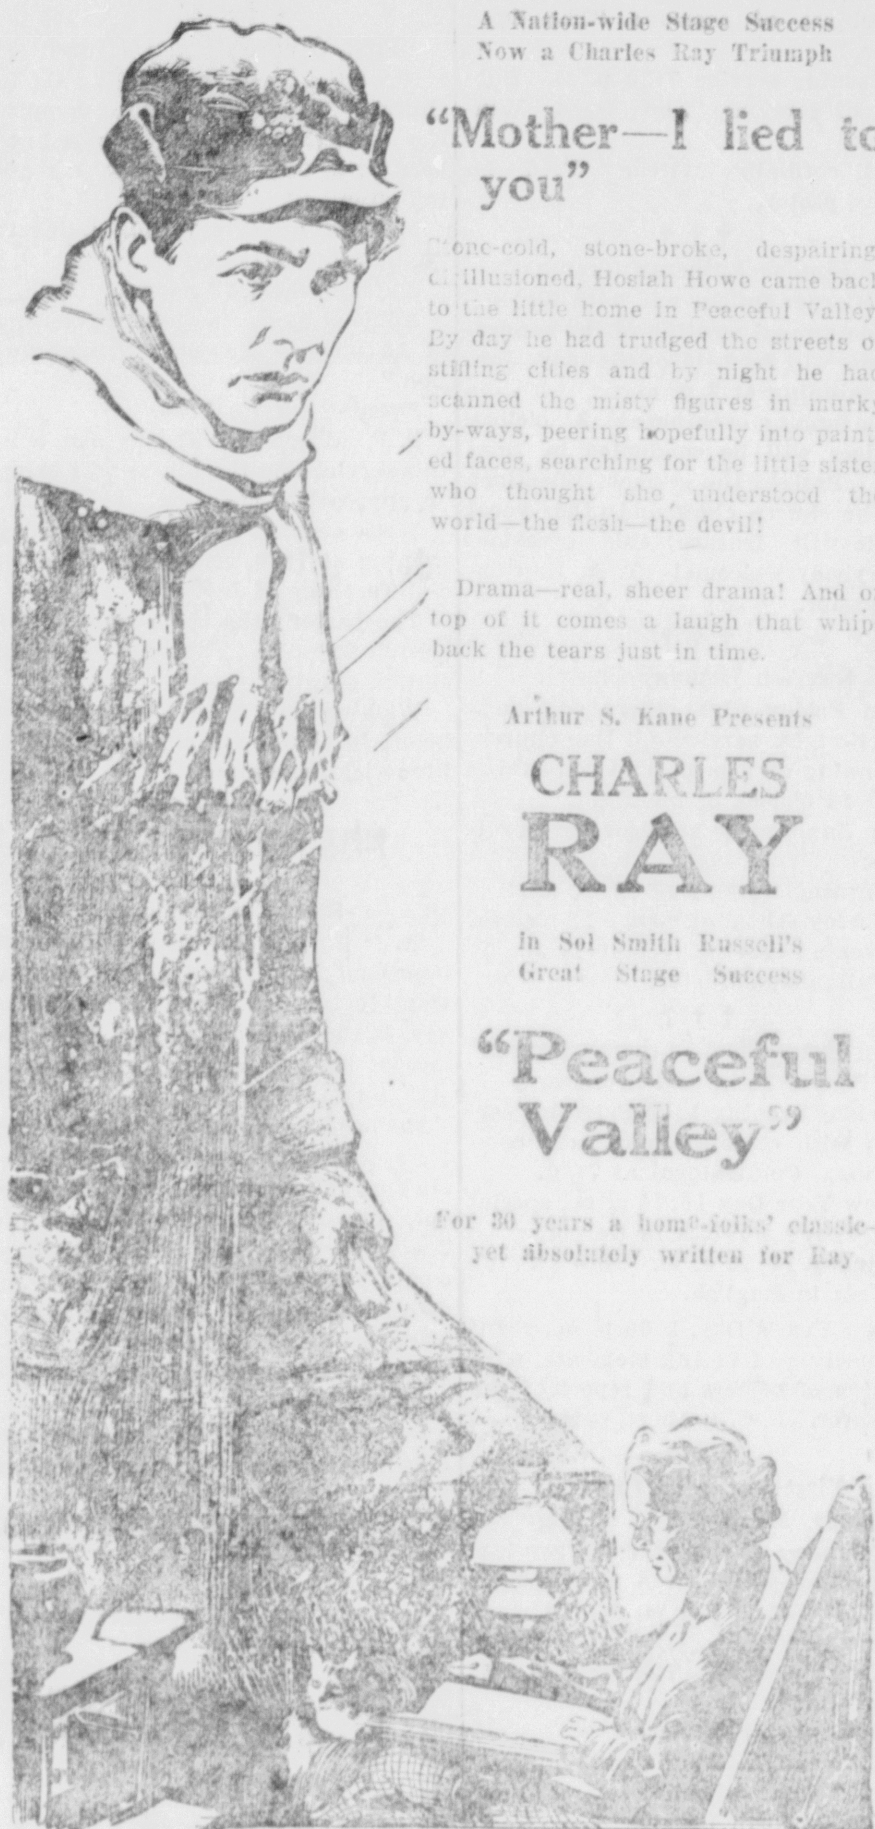

Most Men Will Remember That.
Boys know nearly as many untrue things as grown folk. Does anyone remember their saying that, "If a turtle got hold of a boy's toe it wouldn't let go until the sun goes down?"—Exchange.

E-Soldier Has a Good Stomach
"If a man spends six years in the army he surely would have to have a good stomach. I have a good one now and Foley Cathartic Tablets made it that way." If any one does not believe this, let him write to Arthur L. Lyons, 454 Cincinnati St., Dayton, Ohio. That is from a letter received by Foley & Co., H. P. Dunn, druggist.

Today and Tomorrow

A Nation-wide Stage Success
Now a Charles Ray Triumph

"Mother—I lied to you"

"One-cold, stone-broke, despairing, disillusioned, Hosiab Howe came back to the little home in Peaceful Valley. By day he had trudged the streets of stifling cities and by night he had scanned the misty figures in murky by-ways, peering hopefully into painted faces, searching for the little sister who thought she understood the world—the flesh—the devil!"

Drama—real, sheer drama! And on top of it comes a laugh that whips back the tears just in time.

Water and Light Board Men to Check Up Closets and Bath Tubs in City of Brainerd

The secretary of the water and light board has been instructed to check up the whole town of Brainerd for water installation, as it has been discovered that many installations for bath rooms and toilets in residences and flats also water in garages has never been paid for since installation.

The whole difficulty hinges on the fact that Brainerd has no building ordinance providing for checking up building or improvement work. The plumbers and other contractors are not required to report improvements. Secretary Wm. D. McKay in his audit of city books recommended a building ordinance covering such features, but no action was taken by the council.

Class Re-union

The graduating class of 1919 will hold its second reunion Saturday evening, Jan. 1 at the American Legion hall. Every member is urged to be present.

Card of Thanks

I wish to thank my friends who gave me a very pleasant surprise on my birthday by giving me a very nice present.

Card of Thanks

I wish to thank my friends who helped me in the Greenhagen Co. contest.

MRS. GEO. W. HOERNER

He Feels Ten Years Younger
Any man or woman suffering from lame back, headache, stiff joints, sore muscles, rheumatic pains, or any symptom of kidney or bladder trouble will be interested in this from H. Bryde, 925 Garden St., Hoboken, N. J. "I feel ten years younger, and when my wife has taken Foley Kidney Pills she will, too." H. P. Dunn, druggist.

MRS. LUCIA PETERSON

Age 84-1/2 Years, Passed Away Thursday Evening at Home 624 Fourth Avenue, N. E.

Mrs. Lucia Peterson, age 84-1/2 years, passed away Thursday evening at 6 o'clock at her home, 624 Fourth Avenue Northeast, the end being due to the infirmities of old age. For 28 years she had been a resident of Brainerd.

She was the widow of Peter Peterson and leaves six children; two daughters Mrs. Nels Benson of Brainerd and Mrs. Tilly Carlson of Idaho; four sons John Peterson of Gull River, Swan Peterson and Charles Peterson of Brainerd, Ole Peterson of Crow Wing.

She was a faithful member of the Lutheran church and beloved by all friends and neighbors for her charitable deeds. The funeral arrangements will not be announced until all relatives are communicated with.

Arrangements completed this afternoon set the funeral for Monday afternoon at 2 o'clock at the Swedish Mission church, Rev. P. G. Fallquist officiating.

PARLOR CARS TO BE TAKEN OFF

In order that the parlor cars now running on the day passenger trains between Brainerd and St. Paul may be sent to Minneapolis to receive a thorough overhauling for next summer's business and on account of the present and prospective light travel on these cars for the next few months, the Northern Pacific Railroad Company has decided to take them out of service and to have them overhauled at Minneapolis, Minn., about May 1, 1921.

Social Gathering

The Luther League of the Swedish Lutheran church, will have a social gathering this evening at 8 o'clock. All members are asked to be present. Refreshments will be served also.

GIVING BABY ITS BATH IN VIENNA

(United Press)

New York, Dec. 31.—Only babies under a year old may have a bath in Vienna, according to a report received at the headquarters of the European Relief Council here. The cost of wood is so high that it precludes use of hot water at home, so the babies are taken to one of the relief stations run by the European Relief Council and there obtain both hot baths and milk.

The government-controlled price of milk is twenty-eight and fifty-four kronen a tin and with the reduced purchasing power of Austrian currency this price is so prohibitive that only the wealthy can afford to give babies condensed milk. No parent, no matter how great his influence, can obtain milk for his baby after it is two and a half years old—the age set by the Austrian government for putting babies on a solid food diet. Milk is so scarce in the Central Empires that only invalids and the babies in arms are allowed to have it. The bread supplied is fifty per cent maize flour, which is so rotten when it reaches Austria that it sets up pellagra disease and Vienna is suffering from an epidemic of stomach troubles and skin eruptions. Asylums, hospitals and feeding stations for the children are running under the auspices of the European Relief Council.

N. P. NURSES IN FINE EXAMPLE

Show Interest in Needy Children of Europe by Raising the Sum of \$60

TAKE 6 "GUEST CERTIFICATES"

Business Section of the City is Being Thoroughly Canvassed this Friday

The nurses at the Northern Pacific hospital set a fine example for the citizens of Brainerd by their splendid interest in the needy children of distant Europe. This is the story: Last Sunday the chairman of the county committee left six certificates at the hospital, these representing sixty dollars, and early in the week he received a call stating that all of the certificates had been sold and that more would be called for.

If the citizens of this fair city would emulate the nurses at the local hospital, Brainerd would go over the top by raising \$3,000 for the European Relief Council.

The business section of the city is being thoroughly canvassed today, with a view to raising the city's quota. But the committee does not hope to raise the full amount unless most of Brainerd citizens get behind and give what they can however small the amount may be for this splendid purpose, that is, to save the lives of innocent children.

The merchants are arranging to make contributions at their annual Christmas parties.

The citizens of Brainerd are being urged to contribute to the European Relief Council by the citizens of Brainerd to save them from death.

LITTLE FALLS WINS

Its American Legion Basketball Team Defeats the Brainerd "Y" Team 33 to 16

The Little Falls Transcript carried this account of the Wednesday evening game in Little Falls:

Showing better teamwork and playing with more speed, the Little Falls American Legion basketball aggregation defeated Brainerd's Y. M. C. A. quintet by the decisive score of 33 to 16, at the high school gymnasium Wednesday evening. Except for the first few minutes the Little Falls team was playing on the offensive. They had the ball in their possession the greater part of the game.

Speed of a degree not manifested in the game against the St. Paul Athletic club quintet Monday evening, maintained throughout the entire contest. The velocity of the play made the game more rough and as a result there was blood flowing in abundance. In a collision Reis, who according to the Brainerd manager, was the mainstay of the visiting five, had his nose broken and was forced to retire from the game.

Not a point was scored by either side in the first five minutes of play. The play of both teams was replete with clever blocking and shifty passes. It looked like a tight race with an even break for both fives. At this stage of the game, a splendid exhibition of teamwork, brought the ball down to the Little Falls basket at an opportune moment for Belanger to toss it in for the first two points.

In the next play a foul gave Brainerd's free throw artist, Molstad an

opportunity to register a point. He made the basket. He made two more points for the visitors within a few seconds, putting his team in the lead. Little Falls soon took the lead away and held it during the remainder of the game. One of the features of the game was Molstad's accuracy in making free throws. He missed but one out of seven attempts.

Tourtillott was in good form and made eight baskets during the game. A basket made on a free throw, brought his total score for the game up to 17, one point more than the entire Brainerd five tallied. Sprandel who took Meyers place as left forward, when the latter shifted to guard, in the last half, in Belanger's place played good defensive basketball and added greatly to the calibre of the teamwork. He scored three baskets. Warren and Stewart Sims proved the bulwark of the locals defensive. They repeatedly blocked plays for the opposing five and contributed largely to the machine tactics of the locals. Meyers filled the guard and forward positions in an able manner, but was off color in his shooting, succeeding in connecting for only two baskets. Belanger played a good game of defensive basketball and put home two shots.

For the class of basketball it is playing, the team did not have the proper gallery support last evening. The turnout was rather small, presumably because of the many social affairs taking place.

Saturday evening a record crowd is looked for when the legion five will lineup against the fast team representing the Sauk Centre Machine Gun company. With its record the visiting team on that evening is expected to offer a calibre of play with real class.

W. H. Langley refereed the game Wednesday evening, the box score of which is appended:

LITTLE FALLS

Tourtillott rf., baskets 8, free throws 1, Sprandel lf., baskets 3, 8, Sims, c; W. Sims rg., baskets 1; Belanger, lg., baskets 2; Meyers lf. and lg., baskets 2. Total points 33.

BRAINERD Y. M. C. A.

Reis lf., baskets 1; Felchner rf.; Larson, c; Molstad, rg., baskets 4, free throws 6; Zimmerman, lg. Cunningham, substitute for Reis. Total 16 points.

BUSINESS COURSE PROVES USEFUL

Vivian Nolan, new supervisor in the commercial department of the Christian Endeavor Academy of Wisconsin, should have no trouble filling this exacting post. Miss Nolan received her own commercial training at Dakota Business College, Fargo, N. D., admittedly one of the best business schools in this section.

D. B. C. pupils come from all walks in life. Miss I. Krebsbach, now pleasantly employed by the Emerson Brantingham Co., formerly taught school.
